INOUT, LA NUEVA APLICACIÓN DE STN PARA PAVIMENTOS, COMBINA DE LA MEJOR MANERA RENDIMIENTO, ESTÉTICA Y VERSATILIDAD. UNA ÚNICA TEXTURA, SUAVE Y FÁCIL DE LIMPIAR, Y CON ALTAS PRESTACIONES ANTIDESLIZANTES. PERFECTO PARA VESTIR SUELOS DE INTERIOR Y EXTERIOR MANTENIENDO LA CONTINUIDAD.

Stn, en la continua búsqueda del bienestar y comodidad de sus clientes y tras un largo proceso de investigación, crea **INOUT**, una aplicación que aporta seguridad, versatilidad y homogeneidad a los suelos tanto de exterior como de interior. Los pavimentos a los que se incorpora esta solución cumplen los ensayos de antideslizamiento y presentan un tacto suave y de fácil limpieza.

Además, esta tecnología permite mantener la tonalidad cromática de todos los pavimentos del hogar. Con **INOUT** no renunciamos al diseño, sino que se adapta a todas las tipologías gráficas actuales. Por ello, presentamos un amplio repertorio de cementos, piedras y maderas para pavimentar con una sola referencia exteriores e interiores.

INOUT, LA NOUVELLE APPLICATION DE STN POUR LES CARRELAGES DE SOL, COMBINE AU MIEUX RENDEMENT, ESTHÉTIQUE ET VERSATILITÉ. UNE SEULE TEXTURE, DOUCE ET FACILE À NETTOYER, AVEC DE HAUTES PRESTATIONS ANTIDÉRAPANTES. PARFAIT POUR HABILLER LES SOLS D'INTÉRIEUR ET D'EXTÉRIEUR ET MAINTENIR AINSI UNE CONTINUITÉ.

STN, dans sa quête continue du bien-être et du confort de ses clients, et après un long processus de recherche, crée **INOUT**, l'application qui apporte sécurité, versatilité et homogénéité aux sols, tant à l'extérieur qu'à l'intérieur. Les carrelages de sol auxquels on incorpore cette solution satisfont aux essais de résistance au glissement et offrent une surface au toucher doux et facile à nettoyer.

Par ailleurs, cette technologie permet de maintenir la tonalité chromatique de tous les carrelages de sol de la maison. Avec **INOUT** on ne renonce pas au design, mais on l'adapte à toutes les typologies graphiques actuelles. C'est pourquoi nous présentons un ample répertoire de pièces effet ciment, pierre et bois pour habiller les sols extérieurs et intérieurs avec un même modèle.

INOUT, A NEW TECHNOLOGY FOR FLOOR TILES BY STN, UNITING OPTIMUM PERFORMANCE WITH VERSATILITY AND VISUAL APPEAL. A SINGLE SMOOTH EASY-TO-CLEAN SURFACE TEXTURE WITH A HIGH NON-SLIP PERFORMANCE. PERFECT FOR FLOORS INDOORS AND OUT, GUARANTEEING SEAMLESS VISUAL CONTINUITY.

As part of its ongoing bid to offer improved wellbeing and comfort, following extensive research, STN has created **INOUT**: technology that unites safety and versatility with uniformity of design for flooring usable both indoors and out. Floor tiles with this technology pass all the relevant non-slip tests, while also guaranteeing a smooth easy-to-clean surface.

Thanks to this new technological solution, the same colour spectrum can be used for all flooring inside and outside the home. With **INOUT**, there is no need to relinquish design appeal since this technology can be used with all current tile design trends and looks. We offer a wide range of cement, stone and wood-effect tiles, with models each usable indoors and out.

BEI INOUT, DER NEUEN ANWENDUNG FÜR BODENFLIESEN VON STN, WERDEN LEISTUNG, ÄSTHETIK UND VIELFÄLTIGKEIT HERVORRAGEND MITEINANDER KOMBINIERT. EINE EINZIGARTIGE TEXTUR, ZART UND LEICHT ZU REINIGEN, UND ZUDEM MIT AUSGEZEICHNETEN RUTSCHHEMMENDEN EIGENSCHAFTEN. PERFEKT ALS BODENBELAG IN INNEN- UND AUßENBEREICHEN UNTER BEIBEHALTUNG DER KONTINUITÄT.

STN ist ständig um das Wohlbefinden und den Komfort seiner Kunden bemüht und hat jetzt, nach einem langen Forschungsprozess, **INOUT** geschaffen, die Anwendung, mit der Bodenfliesen Sicherheit, Vielfältigkeit und Homogenität sowohl in Innen- als auch in Außenbereichen erhalten. Die Bodenfliesen, die mit dieser Anwendung behandelt werden, erfüllen die Rutschhemmungstests, fühlen sich zart an und sind zudem leicht zu reinigen.

Außerdem können mit dieser Technologie die Farbtöne aller Bodenfliesen in den Wohnbereichen beibehalten werden. Mit **INOUT** wird nicht auf Design verzichtet, denn die Anwendung passt sich an alle aktuellen Muster an. Deshalb stellen wir ein umfangreiches Repertoire an Zement-, Stein- und Holzoptiken vor, sodass ein einziges Modell sowohl für Innen- und Außenbereiche geeignet ist.
